Personal Finance Notes

Know Your Flow

- Money planning begins with knowing what comes in and what goes out.
- Track spending for one week without judging yourself.
- Patterns are more useful than guesses.

Budget Basics

- Give every important expense a simple category.
- Set aside money for needs before wants.
- A budget is a plan you can adjust, not a punishment.

Personal Finance Notes

Saving Goals

- Choose one short goal that can be reached within a month.
- Make the first step small enough to start today.
- Celebrate consistency more than amount.

Practice

- List five regular expenses.
- Circle one expense you can reduce without hurting your wellbeing.
- Write where the saved money should go instead.
